IFB Number: 26-T004

***** ANSWERS IN RED*****

1. You don't specify, although in photos, the benches look to be surface-mounted. Please clarify that you need to have the surface mount option.

No, the pictures are an example of what kind of benches we are looking to purchase. As stated in the last line of the scope of work, our Facilities Team will handle the installation and removal of the current trash cans/benches. Trinity Metro will mount the furnishings

2. The trash cans, are you wanting some option again to surface mount these? You don't specify. As stated in the last line of the scope of work, our Facilities Team will handle the installation and removal of the current trash cans/benches. Trinity Metro will mount the furnishings.
3. Benches - in the photo you show arms on the benches, yet you don't specify if you want arms or not on the benches, please specify. The picture is an illustration of what we currently have. Yes. Arms are preferred.
4. Trash cans - do they need to have a liner included? Yes, ideally, metal put plastic is optional.
5. You note you would like delivery the end of January, when would the decision be made for award of contract? depending upon the manufacturer, it may be difficult to meet that time line. If they ship out later than that time frame, is that acceptable? The BID closes on December 4, 2025, and the decision regarding the Award should be made soon after. We hope to award by mid-December. Yes, we will accept it if it ships later than January, it's ideal, but we are taking into consideration the manufacturer's timeline. We would like to have them no later than March 2026. However, sooner the better.
