

ADDENDUM #1

SEPTEMBER 16, 2021

RFP 21-T043
SAND TRAP SERVICES

PURPOSE: ANSWERS TO SUBMITTED QUESTIONS

- Are the bus shops, steam bays, water pits traps, service station, chassis accessible for vacuum tankers? **Yes**
- Are these: above ground? underground, any awnings and if so, may we receive clearance information? **All are underground except the bus wash. Will need to go in the bus wash and service station. The clearance is over 12 foot.**
- What Is the max liquids being pumped per location previously? **I do not have this information**
- How many feet of hose is needed for each location? **It would depend how close they park to the location**
- Will we need to jet the lines at any locations? if so, which ones **No**
- Is there a water source nearby we can utilize at any locations? **Most are within 100 feet**
- The IFB mentions hazardous waste... could you advise if there has been a history of hazardous waste from these traps and, if so, what the hazardous waste consists of? **See answer to next question.**
- The bid mentions disposal of hazardous waste materials can you please include which locations have sand traps and which locations have hazardous material and in detail what kind of hazardous material. **The reference is to the manifest required by the city of Fort Worth. We do not dispose of hazardous materials in the sand traps.**
- Is there analytical for sand traps at any of the locations? **No**
